DEAR NEIGHBOR,

DECEMBER, 2007

The North Franklin Township Volunteer Fire Company is pleased to announce that we are celebrating 55 years of continuous service. Our all-volunteer, highly trained personnel and fully equipped fire apparatus respond from three stations, 24 hours a day, 365 days a year, to over 200 emergency calls per year.

Over the past three years, we have witnessed an increase in residential and commercial growth, such as Consol Energy Park, that has occurred in the township. As our township continues to grow, so does the financial and physical demand on your emergency services. Due to this growth, our township has seen an increase in vehicle traffic that has resulted in an increase in the number of vehicle accidents. To meet this challenge, your fire company has undergone specialized training in vehicle rescue/extrication as well as purchasing new equipment such as extrication tools and stabilization jacks.

Besides the financial costs of keeping pace with new challenges, we also maintain 3 stations; Sylvan Drive, Cleveland Road and Greenhill Drive, 9 fire/rescue apparatuses and continue to upgrade equipment for your safety as well as for the safety of our personnel.

The majority of the income to meet our financial challenges is generated from our weekly bingo and from your generous support through the mail fund drive. Your donations provide our growing community with full time fire/rescue protection without the tax burden of a paid fire company.

We are here to serve our community. May we rely on your generosity? Your support is greatly appreciated. Please take time to donate today.

Thank you.
